

*In Memoriam...*

*Diane Hogan*

*1958-2011*

*On Wednesday, February 2, our colleague Diane passed away after a long and courageous battle against cancer.*

*We will always remember Diane as being one of the pioneers at NOVA Permits and Pilot Cars, one with tremendous knowledge and dedication.*

*She was truly one of the corner stones to what NOVA has become. She has been an inspiration and a mentor to several of us, as well as being well respected by our patronage and governmental representatives.*

*Goodbye, Diane... You shall be missed!*
